Your Source for "Top 3 Talent"

In IT, there is a big difference between the top tier and middle of the road.

At The Wellspring Group, we specialize in sourcing the "Top 3" – the three most talented, and specifically targeted technical professionals appropriate for your position and corporate environment.

More On Target

Our Dedicated Account Management Team Process provides a more targeted approach to your search. The team assigned to your company provides consistency, focus and flexibility. They understand your unique needs, culture and policies, and are able to effectively move beyond basic job requirements to quickly find the right-fit candidates.

More Personal Attention

We understand that in order to be a true partner in your success, we need to not only provide exceptional talent, but also a quality recruitment experience. Our Dedicated Account Management Team Process ensures ease of communication and is tailored to fit your personal preferences to make your search seamless.

"Their dedication and attention to detail made what seemed impossible, seamless."

"They went to great lengths to fully understand our needs and precise qualities we were looking for."

Better experience. Better process.

How do we consistently deliver Top 3 talent? Simple, by assembling a dedicated, experienced Account Management Team that is seasoned in the IT recruiting process.

-  Every member of our team has at least 10 years of IT staffing experience.
-  Many of our recruiters are former IT professionals and all possess a strong understanding of your needs.
-  Because of our team's longevity, we provide access to a huge national network of IT professionals. Our real-time candidate databases allow us to instantly search for passive candidates with specific skills sets – professionals you simply can't find on job boards.
-  We offer the reach of a large national organization, and the personal touch of a small boutique firm.
-  Our proprietary recruiting process ensures the right fit contractors/consultants and direct hires.
-  We follow a unique and very effective Triple Screen Quality Assurance Process.

Better Results

We don't just promise better talent, we have been recognized for our record of success:

- Top 500 Women-Owned Businesses in U.S.
- Top 50 Women-Owned Businesses in Connecticut
- Top 500 Fastest Growing Businesses in U.S.
